2004-2005 FALL/WINTER RECREATION DEPARTMENT

The years come and go, Summer yields to Fall and soon there is snow. Our temperate climate assures we have the beauty of seasonal change.

Your Town Recreation Program marches in synch with nature's ways shifting from one season to another with careful anticipation and performance.

In the face of seasonal change your Recreation Team, under the leadership of Marty Denecke, remains constant in their proactive approach to offer: Quality.

Season after season the programs change in scope and services. Always on top of: "What is new?, What can be added?, How can we improve?"

Year after year Recreation Programs grow and we, Hamburg Town residents, benefit. Please look through this brochure and take advantage of progressive recreation, physical fitness, health and FUN. There isn't a program that is as comprehensive and ever changing for the better than ours.

ENJOY!

The Town of Hamburg Recreation Department extends its appreciation to the following organizations for their assistance and cooperation in making our programs possible:

FACILITIES**LAKEVIEW ROAD RECREATIONAL AREA****2982 Lakeview Rd., Hamburg, NY 14075**

The Lakeview Road Recreation Area is commonly called the "NIKE BASE", a reference to the facilities days as a United States Army Base. Acquired as recreation land by the Town of Hamburg in 1969, the Nike Base is now home of the Recreation Department's relocated offices.

The complex also includes the Hamburg Town (Ice) Arena, a model air park and a BMX bicycle course.

In addition, there are athletic fields for football, soccer, lacrosse, baseball and softball (lighted). With strong community support, two major projects that will enhance the facility are currently under construction.

The first is a hill for sledding and snowboarding with materials and labor generously supplied by the Riefill Corporation. The second project, funded by the Hamburg Rotary Club, is the development of one more ball diamond.

The Town of Hamburg wishes to express its gratitude to these organizations for their commitment to the citizens of our Town.

***RECREATION ADMINISTRATIVE OFFICES...646-5145* FAX...646-5164**

In March 1994, the Recreation Department moved its headquarters from Hamburg Town Hall to a renovated office building located on the Lakeview Road Recreation Area grounds. The building features increased office, storage and meeting space and a children's center for the "Town Tot" (3-5 yr. old) program.

HAMBURG TOWN ARENA...649-8771

The Arena opened in November of 1974 and now hosts programs such as Learn to Skate, Skate & Shoot and Public Skating sessions. In addition, the Hamburg Municipal Hockey Association (HMHA) and the Skating Association for the Blind and Handicapped (SABAH) provide opportunities for youth in their respective programs. Private rentals can also be arranged by contacting the Arena Manager.

The facility features a regulation size enclosed ice surface, locker rooms, warming area, meeting room and snack bar.

From late April thru August a sport court surface is installed in the Arena that can be utilized for roller/floor hockey, basketball, volleyball, box lacrosse or indoor soccer. In addition to Town sponsored leagues, open hours can be rented for these activities, birthday parties or other special events.

In July and August the Arena houses the Day Camp Friendship program for boys and girls 7-14 yrs. of age.

MODEL AIRPARK

The Town teamed with Erie County in 1973 to establish this five-acre flying field on the Recreation Area grounds for model aircraft enthusiasts. Today it is home to both the Flying Knights and the Radio-Controlled Aircrafters.

ATHLETIC FIELDS

Athletic fields currently exist for softball (lighted), baseball, soccer, lacrosse and football, and are utilized by organizations such as the Young America Soccer Club and The Hamburg Knights Lacrosse Association.

The Recreation Department in partnership with NFL Flag also offers a football program for boys and girls between the ages of 6 & 14 years.

BMX BICYCLE TRACK

The Town constructed this 400 x 600 foot outdoor track in 1984 and has a lease agreement with the Southtowns BMX Club. The BMX Club holds four races per month between May and September.
